

Human Behaviour & Brain

An official journal of the International Society of Neuroscience

Editor-in-Chief

Li Hai Tan
Shenzhen Institute of Neuroscience, China

Deputy Editors

Peter Fox
*University of Texas Health Science Center
at San Antonio, USA*

Katsuo Tamaoka
Nagoya University, Japan

Managing Editors

Veronica Kwok
International Society of Neuroscience

Grace Leung
International Society of Neuroscience

Joey Tang
International Society of Neuroscience

Executive Editor

Hui Li
Macquarie University, Australia

Associate Editors

Alice Chan
Nanyang Technological University, Singapore

Stacey Cherny
Tel Aviv University, Israel

Jia-Hong Gao
Peking University, China

John C. Gore
Vanderbilt University, USA

Fernández Guillén
Radboud University, the Netherlands

Tianzi Jiang
Chinese Academy of Sciences, China

Ping Li
*Hong Kong Polytechnic University,
Hong Kong, China*

Yuejia Luo
Shenzhen University, China

Grainne McAlonan
King's College London, UK

Marco Sandrini
University of Roehampton, UK

Paul Sowman
Macquarie University, Australia

Brian Wandell
Stanford University, USA

Aimin Xu
*University of Hong Kong,
Hong Kong, China*

Gui Xue
Beijing Normal University, China

Volume 1, Issue 4, August 2020, pp. 67-73

Human Behaviour and Brain (Print ISSN: 2706-8714, Online ISSN: 2708-2229) aims to advance the understanding of human brain and behaviour at all levels, including but not limited to the behavioural, cognitive, large-scale system, neural circuitry, cellular, and molecular levels. The journal publishes original empirical articles of novel and important findings and in-depth reviews.

Human Behaviour and Brain is the official journal of International Society of Neuroscience. It is published by the International Society of Neuroscience Publishing Company Ltd.

RESEARCH ARTICLES

67 Teasing apart the effects of maths anxiety and test anxiety on arithmetic performance

Ngan Yin Chan, Joey Tang

REVIEW

71 Reading development in the digital age

Li Hai Tan, Min Xu
